

9R/RT/RX

SERIES TRACTORS

JOHN DEERE

9R/RT/RX SERIES TRACTORS

THE BIGGEST TRACTOR IN SOUTHERN AFRICA IS HERE.

WHEN YOU NEED SPEED, POWER AND ACCURACY TO NAVIGATE THE TOUGHEST OF SURFACES IN YOUR FIELD, TURN TO THE 9R TRACTORS.

WHEAT

CANOLA

CORN

SOYBEANS

FEEL THE POWER

We would not keep mentioning that we added more horsepower if we did not think it was important to you.

Designed for performance, reliability, and serviceability, all 9 Series models feature a JD14 (13.6L - 827 cu.in.) engine. The e18 transmission, which comes standard in 9 Series Tractors, delivers smooth shifting and intuitive controls.

SETTLE IN AND ENJOY THE RIDE

If you need a big-time tractor, there is a good chance you will be spending big-time in the cab. Customers can look forward to:

- A choice of cloth or leather seats
- 6.5inch touchscreen radio with 6 speakers
- More spacious headroom
- Refrigerator

A higher backrest and adjustable side bolster lets you sit comfortably within the seat, enabling you to be more productive, and more comfortable. Options subject to Cab selections*

OWN THE DAY

When you have got a job to do, you can keep going even when the day turns into night. With the various options on lights, farming has never been this easy:

- The option between LED and Halogen working lights
- Camera-ready
- Electrical or Manual Exterior mirrors

Get twice as much light as compared to our previous lighting options, putting you in charge of night-time productivity.

RIDE COMFORT

No matter the terrain you have to work on we have industry-leading and Industry-exclusive suspension options to make your ride as comfortable as possible. Customers can choose from the following options:

- 9R Equipped with Seat Suspension Plus HydraCushion™
- 9RT Equipped with AirCushion™ Plus Seat Suspension
- 9RX Equipped with Mechanical Cab Plus Seat Suspension

MORE POWER, MORE WEIGHT

We have added more weight to all our articulated 9R tractors, which will enable the increased Horsepower to transfer to the ground. This will enable our clients to have more efficient power output and power to your implements.

MORE FLOW ON-THE-GO

All 9R models now have the option of an 8 SCV Stack, enabling our customers to have peace of mind when pairing implements with the 9R series tractors.

9R
